COMMITTEE OF EMBLEM

Mrs. Joseph F. Devin, Chairman
1636 Twelfth Avenue Los Angeles, California

The Emblem of the California Federation of Women's Clubs is as fitting an insignia of American citizenship, the keynote of the Federation for the coming year, as could be found.

The torch represents the educational work of the Federation and, like the Goddess of Liberty enlightening the world, invites all to the knowledge of the principles of American citizenship.

The wings pointed upward are symbolical of the higher thoughts and aspirations which are the aim of all, while the band of blue encircling both typifies the unbroken chain of strength and loyalty—loyalty not only to our clubs but also to our State and country—and the State motto, "Strength United Is Stronger," reminds us that in unity there is strength and through the united efforts of the club women of California it is possible to accomplish many things for the benefit and advancement of our people.

The plan of work for this department as outlined by my predecessor when adopted by the clubs was a most effective method of reaching the individual members. There is an Emblem Chairman in every club.

Now, Madam President, will you appoint an Emblem Chairman for your club, whose duty it will be to advance the use of the Emblem. She will take orders for the pin and seals, securing them through the District Chairman. The use of the seals and die on all Club stationery is urged, as it brings into prominence the Emblem. While the sale of the Emblem has made a remarkable increase in the past year, we have still a large field to cover.

It is the plan of the State Committee on Emblems to make our symbol known throughout the State, which can only be accomplished by the co-operation of all club women, thus showing loyalty by wearing and popularizing the Emblem.

Let us make the year one of the best in our history by the increased sale of pins, thus advancing the Federation ideas as well as helping the State Committee in a financial way, as there is a small profit to the State on each pin sold.

The Emblem comes in two qualities, one sterling silver, gold plated, for $1.75, and the other 14-karat gold, made to order, for $6.25. The seals are an exact replica of the pins and come $1.00 per hundred.

Let this department be of service to you in helping to spread the spirit of Federation.

ADMITTED TO GENERAL FEDERATION, MAY, 1900

A COLLECT FOR CLUB WOMEN

Keep us, O Lord, from pettiness; let us be large in thought, in word ,in deed.

Let us be done with fault-finding and leave off self-seeking.

May we put away all pretense and meet each other face to face without self-pity and without prejudice.

May we never be hasty in judgment and always generous.

Teach us to put into action our better impulses, straightforward and unafraid.

Let us take time for all things; make us grow calm, serene, gentle.

Grant that we may realize that it is the little things that create differences; that in the big things of life we are as one.

And may we strive to touch and know the great common woman's heart of us all, and O Lord God, let us not forget to be kind.

May we never be hasty in judgement and always generous.
Let us take time for all things; make us grow calm, serene, gentle.
Teach us to put into action our better impulses, straight forward and unafraid.

COUNTY CLUB WOMEN MET HERE WEDNESDAY

Ten Federated Clubs Attended Meeting And Were Entertained By Sonoma Members.

The Sonoma County Federation of Womens Clubs held its annual meeting here on Wednesday and it was one of the most successful and enjoyable gatherings of county clubwomen ever given. Ten out of eleven clubs affiliated with the federation, were represented and gave interesting reports of their growth and aims. Cloverdale club women sent regrets giving as their reason for not attending, the impassable condition of the state highway between there and the rest of the county.

Among the clubs represented and giving interesting reports were the following:

The Sotoyome Club of Healdsburg. Mrs. Ada Kyle Lynch, president. It was organized as a literary club with four members and now numbers 65. This club plans a pageant and river regatta at Healdsburg next season, the club members to write their own pageant even the music which will accompany it.

The Healdsburg Improvement Club, Mrs. Brinstead, president, has 130 members. This club has been conducting a drive to have its members take shares of stock in the new clubhouse it is building. The club's literary section is studying American authors this year.

The Petaluma womans club had an interesting account of its activities. It has 285 members and Mrs Sale is president. The club inaugurated the custom of paying half the expenses of the president and one delegate to all state club meetings. This womans organization has pledged 3000 dollars toward a civic center any time Petaluma decides to carry forward the idea. In addition to many delightful social affairs and subscription concerts the club is planning a debate on eligibles to the national Hall of Fame. They will debate the elegibility of Marshall, Father Serra, Herbert Hoover and Luther Burbank. The club planted 5 1-2 miles of trees along the state highway the past year.

Santa Rosa clubs included the Philomath club represented by Mrs. Menary and the Saturday Afternoon Club whose president is Mrs. John Plover. Both gave excellent reports and invited the county club women to several big meetings on their calendars.

Mrs. J. H. Weise of The Glen Ellen Womans Improvement club told of the progress of the Jack London Memorial Library at Glen Ellen and announced that work on it would start in the spring.

The Parent-Teachers Association of Santa Rosa was represented and gave an interesting account of the swimming pool and playground it had provided the children. The success of the swimming tank built was attested by the figures on the patronage. 4500 boys and 1200 girls having availed themselves of it.

The Sonoma Valley Womans club told of its work of Mission restoration, fire protection, civic beautification and the acquiring of the fine clubhouse now almost free of debt.

One of the chief speakers on the program was Miss Burton, Sonoma county nurse, who oversees health conditions in rural and remote sections of the county. She reviewed her work in the schools, and among indigents and emphasized the co-operation in social service work, medical, moral and material between herself and the county probation officer and other county welfare agencies. She told of her work in instances of school epidemics and also of co-operation with Mrs. Schwab of the State Board of Health at summer resorts and at labor camps. Flies, water contamination, garbage disposal are all in her province for correction or elminiation. She asked the club woman to report any unsanitary conditions which could not be controlled locally. Miss Burton in her review of school work told of the high per cent of mal nutrition in the schools and advocated the providing of hot lunches and milk. She also stressed the need of a county dental clinic. The dental clinic is the big aim of those concerned with child welfare work this year and all clubwomen were urged to use their influence to establish dental facilities which would be available to all at a minimum charge, or gratis if necessary. Marin county maintains a dental clinic through its Red Cross. The Red Cross Christmas seals are providing aid to dental clinics and in Sonoma County whenever necessary, cases are treated free. The clubwomen were urged to report any worthy cases needing attention. The Red Cross Seal money is available.

The proposition to acquire a grove for a clubwomen's park and camping ground where pageants and plays similar to the Bohemian clubs jinks might be given was discussed. A committee was apointed to consider sites in Sonoma County. Mrs. Ada Kyle Lynch, originator of the idea was chosen president. Mrs. Edgar Clements of the Sonoma club is also on this committee.

A splendid talk on the scope of child welfare work was given by Mrs. Plover, Chairman of the San Francisco District Child Welfare section. **Mrs. Plover declares that of all clubs of California that the clubs of the San Francisco district are doing greater Child Welfare work than any and that Sonoma county in particular has an exceptional record along these lines.** A health clinic for better babies in any community where there is a womans club is one hope of the club women. Mrs. Plover told of the successful effort to get more state aid for mothers caring for their orphan children in their own homes and of public health work in the schools among rich and poor both of whom need the help and advice accorded them. She endorsed the plea for milk in the schools or homes where it was needed and praised the move to get a dental clinic established in Sonoma County.

The meeting ended with a pilgrimage to Sonoma's historic old Mission whch was thrown open to the visiting clubwomen. Luncheon was provided at the clubhouse by the Sonoma Valley Womans Club.

The amual meeting of this county Federatin will be at Healdsburg in February
